

## Motivation letter

Eurasian Harm Reduction Association  
Steering Committee

Ref: Elections for Steering Committee member  
In Podgorica, Montenegro  
15<sup>th</sup> of May 2018

Dear Sir/Madam,

I would like to express my interest in applying for member of Steering Committee of Eurasian Harm Reduction Association.

I am very familiar with the work of Eurasian Harm Reduction Association, since I am Executive director of NGO CAZAS which is active in Harm reduction programs for more than ten years. I am very pleased to find out this opportunity for more active contribution in the work of EHRA.

I believe that educational background and extensive experience in the field of public health and Non-governmental sector, makes me an appropriate candidate for the Steering Committee since it is expected for all members to be highly professional and experienced specialists in public health, advocacy and human rights, representing local organizations, working on HIV/AIDS, drug policy and harm reduction.

Currently, I have an honor to work as executive director of NGO CAZAS but also as Governance focal point EECA Delegation at the board of the Global Fund and future alternate board member of the delegation. In both positions my responsibilities and duties were quite like those needed for effective work of Steering Committee of Eurasian Harm Reduction Association. I strongly believe I can perform well all the delegated duties and tasks.

I strongly believe that I am best candidate for membership at Steering committee due to following:

- Previous experience in memberships and roles in similar Networks and associations;
- Previous experience in elections, analysis and procedures of electing and public tenders;
- Experience and educational background in harm reduction, public health, and human rights which is very helpful for identification of key priorities and risks mitigation strategy;
- Experience and knowledge in M&E gained through two-years working arrangement as National HIV M&E coordinator for CSOs harm reduction programs

I perceive this opportunity as a significant advancement in my career but even more as a good opportunity for presenting EHRA as steering committee member among other organizations, platforms and networks.

As requested I am enclosing my resume, where you can find details information on my experience and skills. References are available on request.

If you need additional information or documents, feel free to contact me.

Yours faithfully,

Miso PEJKOVIC  
Medical doctor
