

Application for the participation
in EHRA Steering Committee members elections

By this letter I express my interest and readiness to become a member of EHRA Steering Committee. Gained experience and knowledge received during 15 years of work in harm reduction, starting from services organization, support to community building and advocacy for quality and sustainability of services, would allow me to effectively participate in the work of EHRA Steering Committee, and also to contribute to EHRA strategic goal realization.

Besides knowledge and experience in harm reduction, I have a necessary academic background to promote interests of our sphere with proper argumentation on both national and regional level. Also I have close connections with the community of people who use drugs in the Republic of Moldova, which in its turn will allow me to ensure two-way communication in the framework of EHRA activities.

By this letter I ensure that I will be a responsible and active member of the Steering Committee and will follow its all Regulations.

With respect,

Ala Iatco

President

Union of organizations, working in HIV prevention and harm reduction in the Republic of Moldova
